

DAVID MILLER

Senior Software Engineer

Colombo, Sri Lanka | david.miller@outlook.com | +94 77 555 0142

LinkedIn: linkedin.com/in/davidmiller-eng

Candidate Name: David Miller

Candidate Email: david.miller@outlook.com

PROFESSIONAL SUMMARY

Software engineer with 6+ years building reliable backend services, data pipelines, and cloud infrastructure. Comfortable owning features end-to-end from design through production support. Looking for a Software Engineer role focused on scalable systems and clean engineering practices.

CORE SKILLS

Languages: Python, TypeScript, SQL

Backend: FastAPI, Flask, REST APIs, background workers

Data: PostgreSQL, Redis, ETL pipelines, reporting jobs

Cloud & DevOps: AWS (EC2, S3, RDS), Docker, CI/CD, infrastructure automation

Practices: code review, unit testing, monitoring, incident response

PROFESSIONAL EXPERIENCE

Senior Software Engineer ? Nimbus Analytics (Remote)

Jan 2022 ? Present

- ? Designed and shipped Python services that process customer usage events for billing and product analytics used by operations and finance teams.
- ? Built automated data pipelines that reduced manual weekly reporting from several hours to under 20 minutes.
- ? Improved API reliability with retries, structured logging, and dashboards; mean time to detect production issues dropped noticeably.
- ? Mentored two junior engineers on testing habits and pull-request quality.

Software Engineer ? Lumen Softworks, Colombo

Jun 2019 ? Dec 2021

- ? Developed REST APIs for an internal operations portal used by customer support and account managers.
- ? Migrated selected batch jobs to containerized workers and documented runbooks for on-call engineers.
- ? Collaborated with product managers to translate requirements into small, shippable releases every sprint.

EDUCATION

BSc in Computer Science ? University of Colombo School of Computing

Graduated 2019

CERTIFICATIONS

AWS Certified Cloud Practitioner (2023)

ADDITIONAL INFORMATION

Expected salary range: USD 100,000 ? 115,000

Available to start with 4 weeks notice

Work authorization: Eligible to work in Sri Lanka; open to remote roles
